We Give Thanks

“Three things we know for certain: a child is a gift, being a good parent is a blessing, and being a pediatrician is a privilege.” –author unknown

This Thanksgiving, we want to thank you, our readers, for allowing us to help you help your children. We are grateful to you for telling other families about Two Peds In A Pod because when you get right down to it, our information is only good if it reaches people. Thank you for your comments and questions. Keep them coming!

From both of our families, we wish you all a Happy Thanksgiving.

Julie Kardos, MD and Naline Lai, MD
