

Coughing out germs? Natural remedies for kids

“coughing out germs”

Recently a 6-year-old patient handed me this drawing of “a person coughing out germs.”

The artwork reminds us that a cough can be a good thing. A cough dislodges mucus from the airway and can help prevent pneumonia.

However, coughs can spread germs and make kids feel plenty uncomfortable. And, frustrating for parents, many over-the-counter medicines are not recommended for kids.

Looking for natural remedies for kids? Look no further than

your kitchen.
